A Science Writer's Response to the U.S. CDC's Vaccine Propaganda

September 11, 2021

Hey CDC, here are some real facts to blow up your socialist propaganda.

Claim: "Most health problems people have soon after getting vaccinated are not actually caused by the vaccine." ABSURD; only an utter imbecile would believe this. Your own website, citing VAERS data, says that 7,439 Americans have died shortly after their covid injections. Any idiot, using basic common sense, understands that with the exception of a small number of coincidences, the vaccines killed them. Today we're commemorating all the Americans killed on 9/11, and these vaccines killed double. It's also 1 in 50,000 deaths per shot—far, far more than any other approved vaccine.

Claim: "COVID-19 vaccines do not change or interact with your DNA in any way." Correct as far as I know, but any doctor who disagrees is silenced by the regime overlords, so we can't learn their expert opinions.

Claim: "None of the vaccines authorized for use in the United States contain live virus, so they can't release any parts of the virus that causes COVID-19 inside or outside the body." THIS IS A F**KING LIE. The vaccines cause your body cells to manufacture the spike proteins, which are parts of the SARS-CoV-2 virus. The spikes are the parts that have been fine-tuned to attack human cells. Think of millions of little tools with pointy barbs and sharp edges running around your bloodstream looking for cell receptors to latch onto. Now, most people's immune systems are strong enough to take care of this in 1–2 days, but for some people, all these spike proteins can cause blood clots or heart inflammation.

Claim: "If you're trying to become pregnant now or in the future, you should still get a COVID-19 vaccine as soon as you can." Are you saying "still" here because you've also admitted that "there are currently limited available data on the safety of COVID-19 vaccines in pregnant people"? This makes sense, because the vaccines have barely been available for 9 months.

And while we're at it, **let's also refute the biggest myth of all**, which you and your cronies have used to try to pit the people against each other: the "pandemic of the unvaccinated" lie. This hasn't just been debunked in super-vaccinated Israel, but in your own study from Massachusetts, where the viral load of the delta variant was similar between vaccinated and unvaccinated people and where 74% of cases were fully vaccinated.

The single most important intervention to prevent severe covid-19 and prevent viral transmission is VITAMIN D brought up to sufficient levels AND YOU KNOW IT. Vitamin D-deficient people are 10 times more likely to die from covid-19 and 77% more likely to test positive to begin with. You and your cronies at the NIH, FDA, and WHO have been covering this up since April 2020, for billions of vaccine dollars and to advance totalitarian control over people's bodies.

People, it's time to Educate yourselves so you can learn to spot the lies of the government and the media on your own! **coronavirusExtinct.com!**
